

NEWSLETTER(5) – 19th August, 2016

Dear Member,

The YWG Committee would like to report the following...

1. DELWP have announced two community Drop-In Sessions. These are to provide the opportunity for landholders and community members to clarify concerns and ask questions about the future management of the Yellingbo Conservation Area. These sessions are to be hosted by staff from Melbourne Water, Parks Victoria, Country Fire Authority and the DELWP Fire, Biodiversity and Yarra River Waterways Programs.

Representatives from the Yellingbo Conservation Area Coordinating Committee will also be in attendance. The Committee is pleased to advise that our member Peter Cooper is now the YWG representative on the YCACC Committee.

These sessions will be held on:

Saturday 3 September 2016 from 10am – 1pm at the Upper Yarra Family Centre, 2444 Warburton Highway (corner of Hoddle Street) at Yarra Junction

And

Wednesday 7 September 2016 from 6pm – 9pm at the Parks Victoria Office, 6/7-9 Symes Road (enter from ground floor) at Woori Yallock

Both sessions will be the same, just held at different times and locations.

This is your chance to have your say so all members should make it a priority to attend either or both of these sessions.

Yarra Waterways Group.
